

INDIA GATE

INDIA GATE – KEY FACTS AND DETAILS

1. Location:

- Situated in New Delhi, India, at the eastern end of the Rajpath (now Kartavya Path).

2. Historical Significance:

- Built as a war memorial to honor the 70,000 Indian soldiers of the British Indian Army who died in World War I and the Third Anglo-Afghan War.

3. Architect:

- Designed by Sir Edwin Lutyens, a prominent British architect who also played a major role in designing New Delhi.

4. Construction Period:

- Foundation laid in 1921 and completed in 1931.

5. Structure and Design:

- Height: 42 meters (138 feet).
- Made of red and pale sandstone and granite.
- Resembles the Arc de Triomphe in Paris.

6. Inscriptions:

- The gate has names of around 13,300 soldiers inscribed on its surface.

7. Amar Jawan Jyoti (Flame of the Immortal Soldier):

- Installed in 1972 after the Indo-Pakistan War of 1971.
- Eternal flame burns in memory of unknown soldiers.
- Has a black marble pedestal with a reversed rifle, war helmet, and eternal flame on all four sides.

8. Recent Update:

- In 2022, a new Amar Jawan Jyoti was merged with the flame at the National War Memorial nearby.

9. Cultural and Tourist Spot:

- A popular place for locals and tourists.
- Surrounded by lawns, fountains, and often lit up during national events.

10. Symbol of National Pride:

- India Gate stands as a symbol of sacrifice and bravery and is often the site for national celebrations and tributes.
